Consultant in Education of the Deaf and Hard of Hearing

#### PREFACE

ERIC

of Special Education Preparation Programs has been revised by the California State Department of Education. Information called to our attention since the distribution engaged in the education of exceptional children and the increase in the different types of offerings within these colleges and universities, the National Directory Because of the increase in the number of colleges and universities offering an organized sequence of specialized preparation for teachers and other personnel of the first edition has been included in this edition.

intitutions were informed that we would assume that the information was correct if a Institutions included in this list were requested to indicate if the information in the first edition was correct or, if not correct, what changes should be made. response was not received by September 5, 1966.

current, we would appreciate being informed of any corrections in course offerings, We would also appreciate receiving information In order for the California State Department of Education to keep this directory which was not available for several colleges and universities at the time of Suggestions for improvement of the list will also be welcomed. degrees conferred, and personnel. publication.

Permission is granted to reproduce this list.

FRANCIS W. DOYLE

Deputy Superintendent of Public Instruction; Chief, Division of Special Schools and Services

CHARLES W. WATSON Chief, Bureau for Physically Exceptional
